ABOUT MISKAWAAN ANTI-AGEING CLINIC AT THE SUKHOTHAI BANGKOK

Nestled within the tranquil and luxurious grounds of The Sukhothai Bangkok, the Miskawaan Anti-ageing Clinic, opening in 2024, offers a sanctuary for health and rejuvenation. As part of the renowned Miskawaan Health Group, a pioneer in functional medicine, the clinic provides integrative healthcare solutions tailored to modern lifestyles. Combining holistic medical approach, personalized retreats, and preventative care, this wellness destination restores vitality and balance while enveloping you in the serene elegance of Bangkok's urban oasis.

Miskawaan Quick Recovery IV treatments

Jet Lag Revive Infusion

45-min

THB 6,500

Traveling across time zones can disrupt both your sleep and your body's natural rhythm. The Jet Lag Revive Infusion is designed to mitigate the effects of jet lag, which go beyond simple fatigue and affect inflammation, immune response, and hormone levels. This infusion is enriched with anti-inflammatory vitamins, amino acids, and minerals, effectively combating the adverse effects of time zone changes. Say goodbye to jet lag and hello to a revitalized you.

Balancing Gut and Recovery Infusion

45-min

THB 9,700

The fast pace of urban life-with its work demands, social obligations, and constant connectivity-can adversely affect our gut health. Stress, irregular eating patterns, processed foods, and excessive alcohol intake all contribute to digestive issues. The Balancing Gut and Recovery Infusion is crafted with healing nutrients such as L-alanine and L-glutamine to restore the intestinal lining, enhance digestive functions, and support your body's natural detox processes, promoting overall digestive health.

Stress Relief Infusion

45-min

THB 6,000

Break free from the clutches of stress with our Stress Relief Infusion, an intravenous drip formulated to reduce neuronal stress and neuroinflammation. This infusion contains a blend of calming nootropics that work together to ease tension, improve sleep quality, and foster a state of tranquility and well-being, helping you feel more relaxed and refreshed.

ImmunoGuard (Myer's Cocktail Intense)

45-min

THB 5,500

Strengthen your immune system with ImmunoGuard, a potent infusion blend. Vitamin C boosts immunity, magnesium promotes relaxation, while B vitamins and zinc contribute to energy metabolism and immune function. Fast-track your recovery from illness or give your body an extra layer of protection against seasonal challenges.

Miskawaan Longevity Therapies

ReNADurance Plus Infusion

90-min

THB 8,500

Experience a surge of renewed energy and vitality with our NAD Plus Infusion. This treatment delivers a potent dose of Nicotinamide Adenine Dinucleotide (NAD), a crucial coenzyme that enhances cellular functions and energy production. The NAD Plus Infusion boosts cognitive clarity, increases stamina, and revitalizes your entire body, promoting a profound sense of rejuvenation from within.

Mitochondria Infusion Support

90-min

THB 8,700

Mitochondria, the powerhouse of the cell, is key to health. Mitochondria Support Infusion is designed to optimize cellular energy levels. Packed with essential nutrients including L-carnitine, B-vitamins, magnesium, and vital amino acids, this formula enhances mitochondrial function, ensuring efficient energy generation. Elevate your energy levels and promote overall vitality with our Mitochondria Support infusion.

Anti-inflammatory Infusion

90-min

THB 6,000

Experience relief and healing with our Anti-Inflammatory Infusion. In today's fast-paced world, stress, poor diet, sedentary lifestyle, and environmental toxins fuel chronic inflammation, triggering conditions like heart disease, arthritis, and autoimmune disorders. Our infusion effectively combats inflammation: Omega-3s reduce inflammation, vitamin C boosts immunity, and N-acetyl cysteine detoxifies cells. Embrace a healthier lifestyle and reduce the risk of chronic diseases with our comprehensive approach.

Ozone Therapy

90-min

THB 5,700

Harnessing the power of reactive charged oxygen, this Ozone Therapy offers a myriad of health benefits, including improved oxygenation of tissues, enhanced immune function, accelerated healing process and increased antioxidant capacity. It's effective in addressing a wide range of symptoms, diseases, and functional disorders, such as chronic pain, infections, autoimmune conditions, and cardiovascular issues. Experience the rejuvenating effects of ozone therapy and embark on a journey toward optimal health and vitality.

All prices are in Thai Baht and subject to 10% service charge and applicable government tax.

Preventative Diagnostics

Biological Age test

THB 10,000

A cutting-edge epigenetic assessment designed to unveil the secrets of your biological age. Delve beyond mere years and gain valuable insights into the health of your cells and overall well-being.

Food Intolerance Test

THB 23,540

A thorough examination providing insights into hidden food intolerances. Empower yourself to make informed dietary choices tailored to your body's perception of foods, fostering a healthier and more balanced lifestyle through the Food Intolerance Analysis.

Hormone Profile

THB 14,500

An in-depth analysis of your hormonal makeup. Acquire comprehensive insights into your hormonal health, enabling precise decisions for a medically informed and finely tuned well-being.

Early Cancer Detection

THB 18,000

A cutting-edge solution dedicated to identifying potential cancer risks at their earliest stages. Utilizing advanced diagnostic techniques, this screening empowers you with the knowledge needed for early intervention. Safeguard your well-being and take a significant step towards early cancer detection.

Micronutrient Profile + Vitamin D2/D3

THB 24,000

The Micronutrient Profile and Vitamin D2/D3 Test evaluates your body's levels of critical vitamins, minerals, and antioxidants essential for optimal health. It includes assessments for Vitamin A, Vitamin E (Gamma and Alpha-Tocopherol), Vitamin C, Vitamin B12, and Folate. The test also checks for vital minerals like Magnesium, Zinc, Selenium, Copper, and Chromium, along with antioxidants such as Coenzyme Q10, Lycopene, Lutein, and Zeaxanthin. Additionally, it measures Vitamin D2/D3 levels to ensure adequate bone health and immune support. This test provides a personalized insight into nutritional deficiencies, enabling tailored health strategies for improved energy, immunity, and overall vitality.
